ART

FOR HOSPITALITY

WELCOME DECK — 2026

The background of the slide is a textured, abstract composition. It features a light beige, paper-like surface with various elements: a vertical strip of white paper on the left side, some dark, thin lines and a small pink dot on the left, and several large, irregular splatters of red and yellow paint on the right side. A large, light blue rounded rectangle is centered on the slide, containing the main text.

WHAT WE DO

01 HOSPITALITY

Enhancing guest experiences through thoughtfully curated and produced art for guest suites and common areas, tailored to each property and aligned with real project budgets.

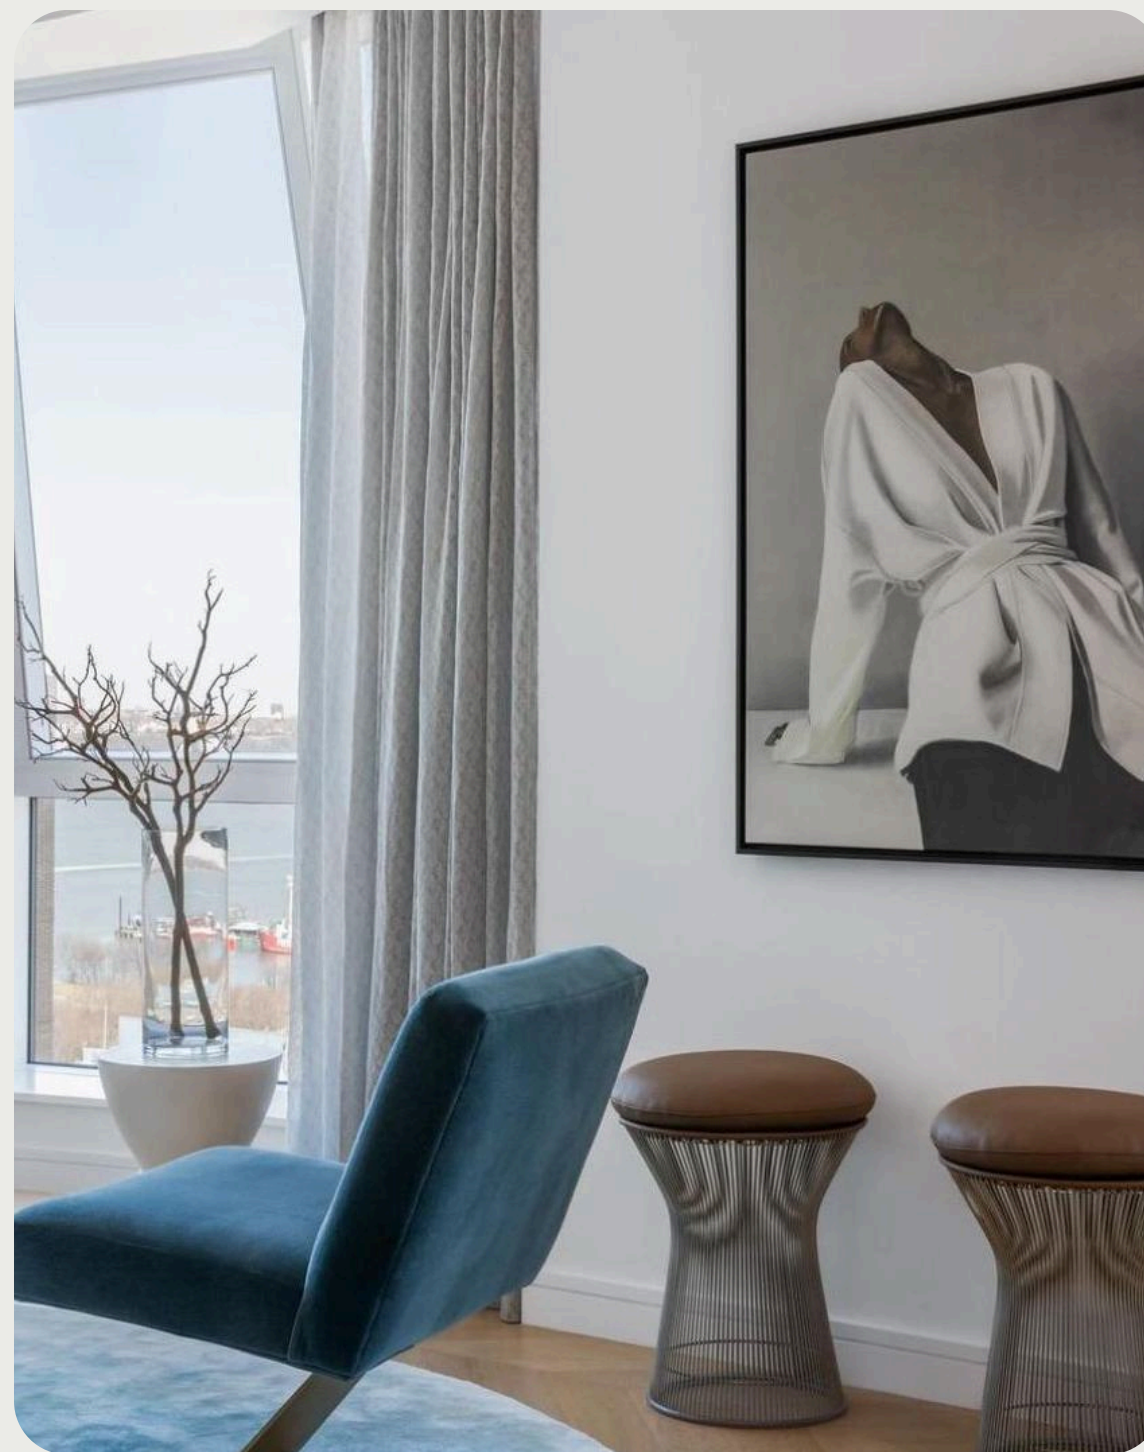

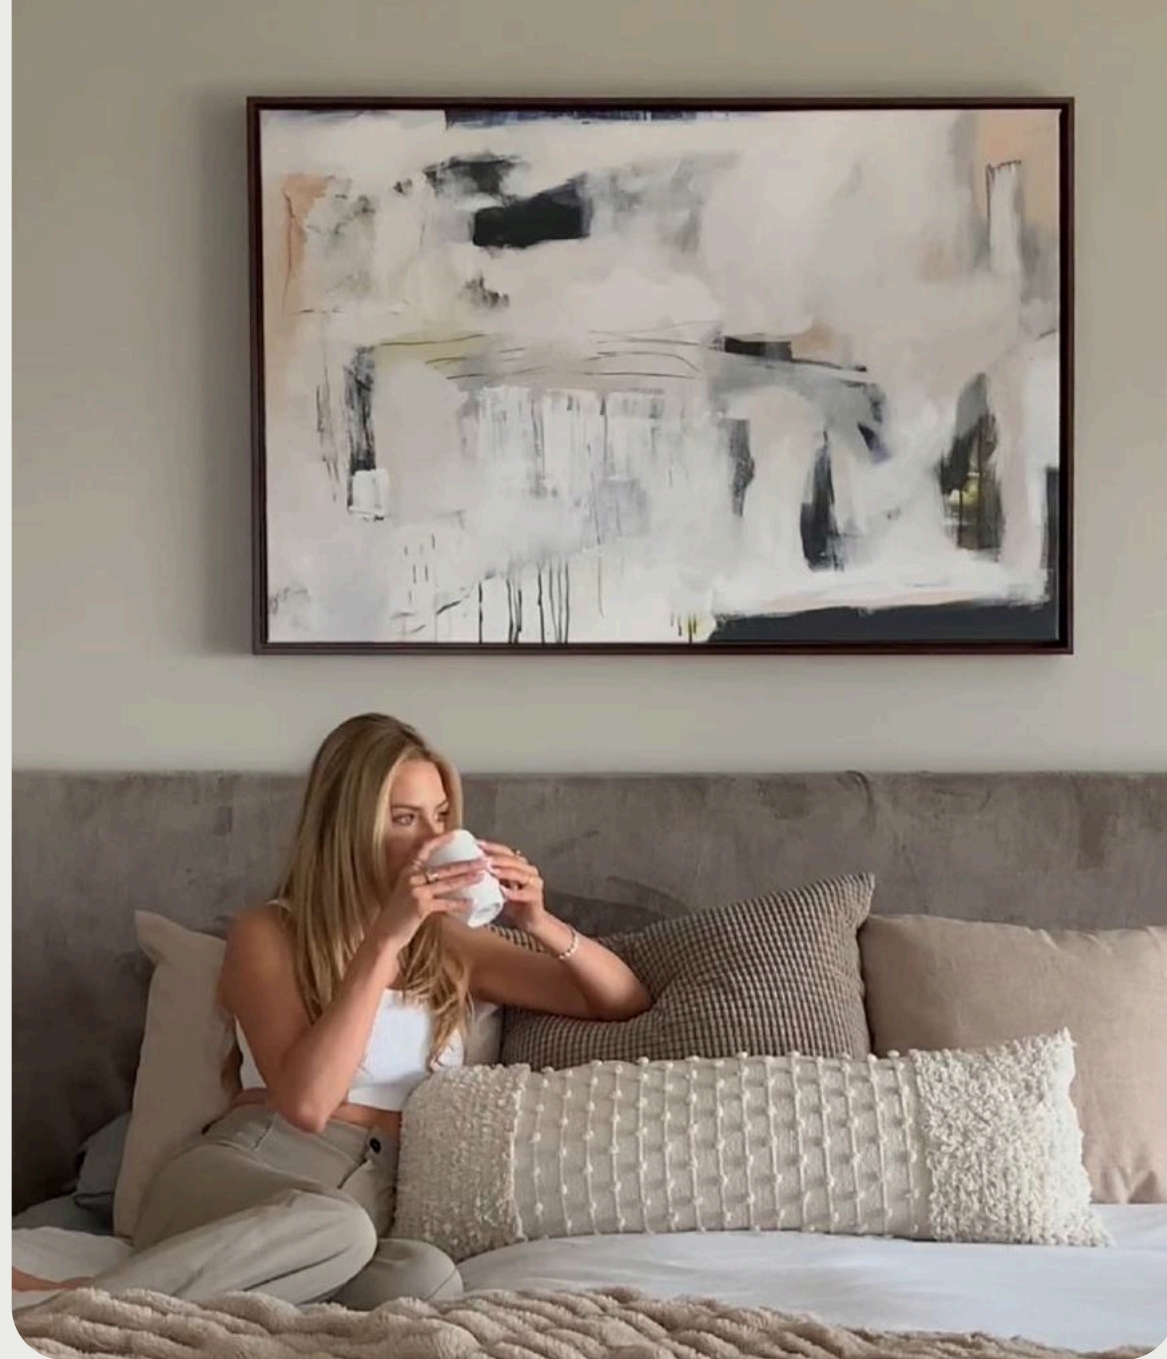

02 CORPORATE

Enhancing corporate environments through carefully considered art solutions that bring intention and visual cohesion to office walls and shared spaces.

03 MULTI-RESIDENTIAL

Working closely with developers to enhance multi-residential common spaces through curated artwork that reflects the building's aesthetic and intended audience.

The background features a light-colored wood grain texture. Overlaid on this are two large, circular, blue-toned patterns that resemble ripples in water or concentric circles in a stone. These patterns are positioned on the left and right sides of the image, framing a central white rectangular area.

A photograph of a modern interior space. The walls are covered in vertical wood paneling. In the center, a framed artwork depicts a person in white clothing reading a newspaper. Above the artwork is a long, thin black light fixture. Below the artwork is a wooden chair with a curved back. To the right, there is a white curtain and a wooden desk or counter. The floor is made of light-colored wood planks.
